Subject: Rio Algom Surety (Escrow)

Attached is a modified escrow agreement which Rio Algom proposes to use for surety for its Lisbon (Humecca) uranium mill reclamation plan.

Rio would like to have the Board approve the form and amount of the surety at its March Meeting. I am sending this form to you so that any changes can be made before that meeting and the form modified.

We are planning on a short presentation to be made on the Mining and Reclamation Plan at that meeting also.
